

FX/ FLH 62-84

Congratulations on the purchase of your new Le Pera seat! Great lengths have been taken to bring you the finest motorcycle seat available.

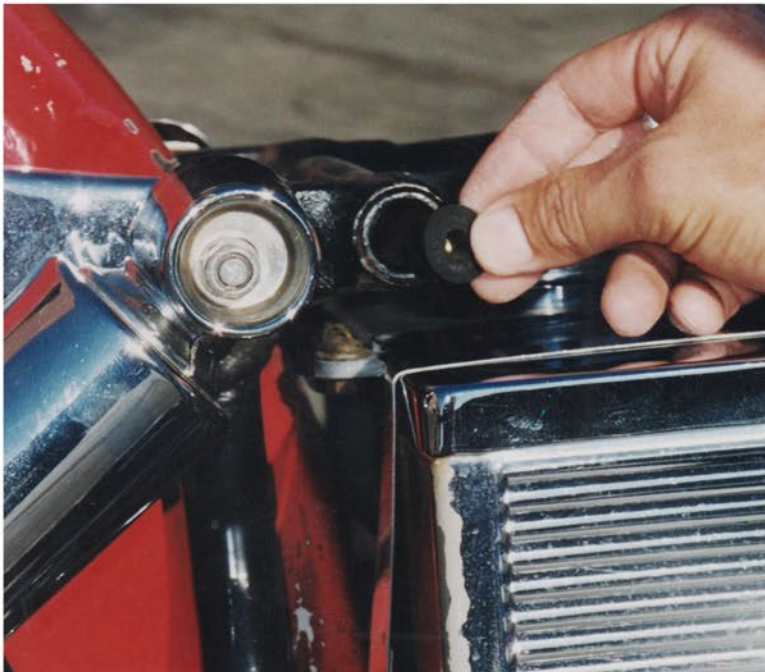

A. With a simple bend, up or down, to the front mounting tabs, you have the ability to fine-tune the fitment of your new Le Pera seat.

Bend tabs toward the plate to tighten the fit or bend tabs away from the plate to

B. We've made bolting your new seat to the frame effortless. Simply insert the two rubber "plugs" into the two holes in your frame.

These plugs are very loose and will expand in the hole as you tighten the bolts.

C. Slide the seat down over the plugs. Line up the brackets with the bolts and washers provided and tighten the bolts. When the seat is secure, stop tightening. **DO NOT OVER TIGHTEN.**

 **Le Pera**[®]
