History

Bob's "career" started at the ripe old age of 12. In the 50s, his parents would often bring him down to their leather goods shop in Downtown L.A. where he learned to make detailed watchbands, belts and wallets. It was here that he would learn the skills of a true artisan.

As a teen, Bob's passion, like so many kids of the 50s and 60s, turned to cars. He started tinkering with the inside of his family's beloved Studebakers. When he reimagined the interior of his personal supercharged Lark, friends and locals at his favorite hangout (the original Bob's Big Boy in Glendale, CA) took notice. Word spread fast and he began a grass roots upholstery business out of his parent's garage. After a few weeks, customers were lined up to get a custom interior. From Mercedes to Hot Rods, Bob could do it all. From this garage, in 1961, Bob's first motorcycle seat was commissioned, a diamond pleated Cobra with buttons.

His talents then landed him a full time gig working alongside Tony Nancy, world famous drag racer and upholsterer specializing in dragsters, exotic cars and the occasional custom motorcycle. It was during this time Bob's skills were refined and perfected. He worked on several amazing projects while working with Tony. One of the most memorable had him leather wrapping and hand lacing the steering wheel for Steve McQueen's Mustang in the movie Bullitt. After rubbing elbows and upholstering cars for some of the biggest names in Drag Racing and Hollywood, Bob was itching to get back out on his own.

With the exploding chopper scene of the early 70s, Bob began making more and more custom motorcycle seats and relished every opportunity to show how good a custom seat could be. Bob's attention to detail and pride in his craft would become the foundation of LePera and in 1972, LePera Enterprises was born.

LePera has been one of the most respected names in the industry for over 45 years. Bob Jr., head of design and marketing, and Christine LePera, head of sales and the Dealer/Distributor network, continue the family legacy. The second generation, along with the dedicated craftsmen and women who make up the entire LePera team, are committed to making custom seats that we are proud to put our name on. Bob's spirit and passion is evident in every seat that passes through our doors.

The LePera Way

We are always asked what makes a LePera seat a LePera.

Well here it is in a nut shell:

HISTORY

- As you read from above over 45 Years!

TRADITION

- By Hand - There is so much handwork in each of our seats it is astonishing. From our base plates, to the individually hand cut cover, everything is done by hand, it is the way we have always done it.
- Steel - You read right; steel ~ 16 gauge to be exact. Every seat features these black powder coated gems.
- Made in the USA - Always has been, always will be!
- Family Owned and Operated - And damn proud of it!

DESIGN

- One word - Trendsetting!
- The Silhouette, Villain, the Stubs are just a few of our styles that take design one step further.

COMFORT

- Marathon foam - Tried and true, poured and formulated for maximum comfort, not too firm not too soft: just right.
- Biker Gel - Do you spend all day on the road? This option maybe your calling. Cuts down on vibration and fatigue, it is firmer than our Marathon foam.

Customize - Material Options

What you see before you represents, not all, but some of our popular vinyl, leather, embossed, and sport cover options. Our leather, made in Italy, can be ordered two ways: leather seating area only or full leather! Due to its strength, the embossed options (beautifully finished leather

made in Italy) are available in the seating area only. In the sport category don't overlook the Italian Alcantara option: you will find this option in every high end, exotic sports car.

TERMS & POLICIES

Please indicate the model and year of your motorcycle when ordering your new LePera seat. Since LePera seats come in a vast array of styles, it is important to specify individual requirements for each seat ordered. If you have any specific needs or require customization, just give our customer service department a call at (818)767-5110 or fax (818)767-0947.

Dealers: Please contact your nearest LePera distributor. Call for the most current list of LePera distributors. If your distributor does not stock a certain model or if you need something custom, please do not hesitate to call us directly.

Returns: Prior authorization is required before any product is returned. A restocking charge of 15% will apply to all returned items. Product purchased through a dealer or online, must be returned to that company. Please pre-pay freight when returning merchandise. All Returns must be made within 30 days of purchase, and must be accompanied by a copy of the original invoice.

NOTE: THERE ARE NO RETURNS ON CUSTOM SEATS.

Warranty: We take pride in every seat that we manufacture. All of our seats are fully warranted against defects in material and workmanship for one year.

LePera Enterprises, Inc. does not manufacture Harley Davidson seats. LePera Enterprises, Inc. manufactures aftermarket seats that fit Harley Davidson motorcycles. Any reference to a specific Harley Davidson model is to aid in determining seat specifications and applications only.
